Art Peck President and CEO 2 Folsom St. San Francisco, CA 94105

Dear Mr. Peck,

I write on behalf of the Asia Floor Wage Alliance to share outcomes from our research into gender based violence in Gap suppliers in key garment production countries in Asia with recommendations to the International Labor Organization for its upcoming dialogue on gender based violence at the 2018 International Labor Conference.

As you know, AFWA has a long history of working to raise standards on garment supply chains to meet international labor standards including holding people's tribunals through Asia in the past several years. See Comprehensive Report of the People's Tribunals: https://asia.floorwage.org/resources/tribunal-verdicts/synthesis-report-of-all-the-national-peoples-tribunals/view

We respectfully request that Gap take the following actions in response to these findings:

- 1. Publicly support and commit to proactively implement an ILO Convention and Recommendation on Gender Based Violence that includes the recommendations from the Asia Floor Wage Alliance and partners.
- 2. Meet with the Asia Floor Wage Women's Leadership Committee in the next three months to discuss the supply chain findings and next steps.
- 3. Proactively work with the Asia Floor Wage Alliance to pilot women's committees in factories that eliminate gender based violence and discrimination from the supplier factories.

We look forward to dialogue and action in coordination and collaboration with worker organizations in the supplier factories. Our legal counsel is available at (504) 376-6238 or jjrosenbaum@globallaborjustice.org to discuss ways to move forward.

Sincerely,

ba
